Mr. Jimmy Palmer, Region 4 Administrator  
U.S. Environmental Protection Agency  
Atlanta Federal Center

Atlanta, GA 30303-3104

Dear Secretary Struhs and Mr. Palmer:

Attached is a revised comment letter submitted by the Clean Water Network for Florida's 2003 impaired waters list amendments. The only change to our comments is the list of signatures at the end of the letter which reflect the concurrence of 54 additional Florida organizations.

It is our sincere desire that the Florida DEP and the US Environmental Protection Agency stop ignoring the concerns of tens of thousands of Floridians. Our previously submitted comments adequately expressed how we think that your agencies can uphold the Clean Water Act in Florida and provide the protections promised by the Clean Water Act to all citizens of Florida.

Warm Regards,

Linda L. Young  
Southeast Regional Director
