Re: Dockets: # 05-23R, #05-24R, 05-25R, 05-28R

Dear Mr. Millington:

On July 22, 2005 the Department published several notices of proposed rulemaking regarding AFO operations in the state which are regulated under Chapters 62-620, 62-621, 62-670 and 62-4 of the F.A.C.

The notices state that public workshops for the proposed rule developments will be held if they are requested in writing. We the undersigned organizations would like to request public workshops for the following dockets:

#05-23R, #05-24R, #05-25R, #05-28R

It would be helpful to affected citizens across the state if the Department could hold at least three workshops for these proposed rules. We would offer the suggestion of holding them in or near Alachua, Sarasota and St. Lucie Counties.

Thank you in advance for considering this request.

Warm regards,
